

Why should you read with your child?

Children do better at school if parents are **involved**. Children who read at home do better in school. They have more **success!**

When children read at home, they learn. Children who learn when they are young are ready for school later.

Reading helps children learn more words. Reading at home is good. Reading in any language (English or your **native language**) is good!

Reading teaches children to **pay attention**. It also helps to improve **memory**.

Learning is not only for school! Children **should** learn at home!

Write three good things about reading.

1. _____

2. _____

3. _____
